Chef.

HOW IT WORKS

On the day of your event, we'll message you with our estimated time of arrival. We usually arrive around 2 hours before service, and all details are agreed in advance to ensure everything works perfectly for your needs.

We set up our catering area (usually a catering gazebo), service tables, fryer, grill, plates, and cutlery.

When it's time to serve, we welcome your guests and serve the food. Guests choose which Burger they'd like, we prepare it fresh for them, answer any questions, and explain the menu.

Once service is finished, we clean the area we've been working in and leave it in the same condition as before we arrived.

PAYMENT

To secure your booking, we require a 20% deposit.

The remaining amount can be paid in a way that suits you — we're happy to break payments down into monthly instalments if needed.

The full balance must be paid no later than one week before the event.

PRICE

Price depends on several factors: date, location, menu choices, and number of guests.
Prices start from **£14.95 + VAT**.
